Women United is an affinity group of the United Way of Aiken County.

Founded in 2015, Women United is dedicated to transforming the lives of homeless women and children in Aiken County through grant awards that advance their health, safety, education and economic status.

Mission and Focus Areas

The Mission is to advance the health, safety, education and economic status of Aiken County's homeless women and children.

WOMEN UNITED will consider funding programs/projects/initiatives from organizations that demonstrate the ability to achieve measurable results. Priority will be given to projects and organizations that demonstrate a high probability of sustainability beyond the grant period, fostering permanent change and having a long-term positive impact on Aiken County's homeless women and children.

Grants must impact homelessness in at least one of these four focus areas:

- ① *Health* - Improve access to affordable healthcare and healthy, affordable food options; foster self-esteem, empowerment and self-respect; improve physical and/or mental health and wellness; advance quality of life.
- ② *Safety* - Support victims of violence, neglect or poverty; prevent/treat physical, sexual and verbal abuse; provide housing, food and other shelter services; educate women on their rights and ways to help others while ensuring their own safety and well-being.
- ③ *Education* - Provide access to quality educational opportunities.
- ④ *Economic Status* - Promote economic equity, address financial stability, build financial well-being through financial literacy.

WOMEN UNITED reserves the right to change these criteria in future years and intends to fund different projects each year.
