

Submit Logic Model in JPEG. (This is a snapshot of your 2025 program and what it achieved – use elements such as inputs, activities, outputs and outcomes. The elements should flow from left to right. Outcomes should be connected to activities listed.) Also, please provide copies of the key data used to measure your outcomes. Please make certain your data is consistent with reported results above.

Inputs	Activities	Outputs	Outcomes (Impact)
Safety Around Water	Provide land-based water safety education sessions	174 unduplicated campers enrolled and successfully completed SAW	Increased knowledge of water safety practices
Financial Stability for Low Income Families	Offer easier access to the application process	We have seen an increase in retention with families due to the access to affordable childcare.	Increased access to reliable and affordable childcare for families
Social Emotional Learning Curriculum	Implement weekly SEL Kid Grit curriculum		Improved emotional regulation and self-awareness.

Please provide a comparison of the number of **Aiken County clients** served by the program in 2025 versus the number of Aiken County clients served in 2024 and 2023.

<u>Year</u>	<u>Served</u>
2025	578
2024	513
2023	454
