

Agency: American Red Cross, Central SC Chapter, Aiken Area

Program: Disaster Relief Program

2025 Year End Program Review-Logic Model

Program Inputs	<u>Program Inputs Proposed</u>	<u>Program Outputs Proposed</u>	<u>Short Term/Intermediate Program Outcomes</u>	<u>Accomplishments</u>
24 hour/day coverage Notification by emergency officials Direct Service resources (Client Assistance Cards) Trained volunteers Evaluations Tools Donors	Identify clients with disaster needs. Respond on 24-hour/day basis. Assess clients' immediate disaster-caused needs. Provide comfort and hygiene items to disaster clients. Meet with clients and provide assistance based on verified needs. Facilitate clients' transition to recovery services.	186 clients were assisted with immediate emergency needs following a disaster.	Clients' immediate disaster-caused needs are met in accordance with Red Cross standards and guidelines.	Immediate needs for food, clothing, shelter, replacement medications, and emotional support were met for 186 clients impacted by 74 incidents and 58 cases.
Partner agencies Trained volunteer caseworkers	Assess the recovery and referral needs of clients. Provide clients with community referrals and resource guide to navigate recovery.	On average, 3 referrals per household will be provided.	Disaster clients have increased knowledge of community resources and receive referrals to assist in their recovery.	We continue to work with our various community partners to provide referrals for additional assistance, including 50 Aiken County Fire Departments.
Volunteers Staff to mentor and train volunteers	Recruit and train new volunteers Provide training opportunities for existing volunteers Promote volunteers to leadership positions	We will train and support volunteers with the tools they need to best serve disaster clients in need.	Disaster volunteers are trained and engaged in preparedness and response activities.	33 trained disaster volunteers.

	Provide drills to enhance readiness for response.
